

# JOINT CALL FOR BAUHAUS4EU STUDENT-LED INTERDISCIPLINARY COURSES 2026

## APPLICATION FORM FOR STUDENTS

### INTRODUCTION

The BAUHAUS4EU European University Alliance invites students from its 10 partner universities to submit proposals for Student-led interdisciplinary courses (SLC). These are innovative educational formats focused specifically on campus transformation. These courses empower students to act as motors of innovation and change agents, giving them the opportunity to develop and share practical ideas to evolve the alliance's 10 institutions into a green and inclusive BAUHAUS4EU Campus.

Each partner university will establish one student-led course per call. In total, 10 SLCs will be supported for the winter semester of the 2026-2027 academic year. Applications must be submitted between 4 March and 3 June 2026. Please complete the application form in English; this translation is only a tool to help you understand the requirements, and questions marked with an \* are mandatory.

### SECTION A - GENERAL INFORMATION

---

Name \*

---

Last name \*

---

E-Mail \*

---

Select your home university\*

---

Mobile contact (including country code) \*

---

Student in (Choose one of the following answers) \*

---

Faculty/School/Department \*

---

Study Program \*

---

Student number \*

---

Confirmation of continued studies the following year \*

I hereby confirm that I am/will be enrolled at one of the BAUHAUS4EU university both at the time of application and in the winter semester 2026.

---

---

Mentor name (*must be academic staff*)

---

Mentor position \*

---

Faculty/School/Department of the mentor \*

---

Professorship of the mentor \*

---

Additional contributors (last name, name, status [student, teacher], faculty/school, study program)

---

If any of the students have previous pedagogical training, please mention

## **SECTION B - DETAILS ON THE STUDENT-LED INTERDISCIPLINARY COURSE**

---

Title of your course \*

---

Planned format (Choose one of the following answers) \*

---

The course is aimed at (Choose one of the following answers): \*

---

The course is open for students of (Choose one of the following answers):

---

Are there any student prerequisites? Please specify if applicable

---

---

Please explain the subject(s) of the course \*

---

How does the proposed subject of the course contribute to the alliance's goal of transforming partner universities into a green and inclusive BAUHAUS4EU campus? \*

---

Learning goals of the course: \*

*Please formulate the learning goals from the students' perspective. What do the students know and do after successful completion of the module? How will the learning outcomes align with at least one element of the New European Bauhaus Compass and the United Nations Sustainable Development Goals?*

---

Explain how the interdisciplinary approach adopted by the BAUHAUS4EU alliance, as stated in the SLC call, is considered in the application \*

---

Please explain the methodological and didactical approach that you chose for your course and how it supports the learning goals and interdisciplinary competencies of the course \*

---

Please present the distribution of the course teaching hours, mentioning the number of contact hours and the number of independent study hours. \*

*Contact hours: the hours during which learners have direct interaction with a lecturer, tutor or trainer.*

*Independent study hours: activities that students carry out on their own, without direct supervision or real-time interaction with a lecturer or trainer*

*ECTS credits measure total student workload. One ECTS equals about 25–30 hours, including lectures, independent study, contact hours, and exams.*

---

Required exam(s) for student evaluation  
(Select all that apply) \*

---

If other:

---

Keywords on the content (provide at least three keywords)

## SECTION C - FINANCIAL PLANNING

As a reminder, each Student-led Interdisciplinary Course may receive funding of up to €2,500 to support its development and implementation, covering eligible costs such as consumables, materials, and guest lecturers (fees and travel expenses). The funding period runs from September 2026 to July 2027.

Please reach out to the BAUHAUS4EU team at your university for more information on student and/or mentor compensation.

---

Please detail your envisioned budget for material costs. You will indicate

- *your provisional total amount*
- *how will the material be deployed*
- *how will it contribute to the learning process*
- *how are the costs calculated*

---

Please list any other costs and how they have been calculated.

---

## SECTION D - MENTORING DECLARATION

---

Please upload your completed and signed mentoring agreement, available on the BAUHAUS4EU website. Once your application is submitted, you will also be required to send this mentoring agreement to your university (see list) \*

*Blekinge Institute of Technology :  
bauhaus4eu@bth.se*

*Bauhaus-Universität Weimar : bauhaus4eu@uni-weimar.de*

*Université Lumière Lyon 2 : bauhaus4eu@univ-lyon2.fr*

*Université de Picardie Jules Verne : bauhaus4eu@u-picardie.fr*

*University of Economics in Katowice :  
dominika.bochanczyk-kupka@uekat.pl*

*University of Bergamo : bauhaus4eu@unibg.it*

*University of Architecture, Civil Engineering and Geodesy : galina\_fld@uacg.bg*

*University of Macedonia : bauhaus4eu@uom.edu.gr*
